

# Logan Harrell

**School email:** lharrell@basecampcodingacademy.org

**Personal email:** supah14.lh@gmail.com

**Portfolio:** <https://laharrell20xx.github.io/>

## Education:

Software Development Curriculum: Base Camp Coding Academy **(May 2019)**

Online Courses: Programming Languages A-C (University of Washington via Coursera) **(Aug-Dec 2018)**

Oxford High School **(May 2018)**

## Development Tools & Technologies:

Python, Django, HTML, Cascading Style Sheets (CSS), Bootstrap, Javascript, Handlebars.js, Java, Spring Framework, Selenium, Ruby, Ruby on Rails, PostgreSQL, SML, Racket, Git, SCRUM, Agile

## Technical Experience:

Base Camp Application Program, Base Camp Coding Academy **(Feb 2019)**

**GitHub link:** <https://github.com/laharrell20XX/bcca-student-application-spring>

**Goal:** Users can apply and see applications

- Simulated an Agile/SCRUM framework that included stand-ups, team work, and client feedback
- Exemplified our knowledge of Java and OOP design through class collaboration and utilization
- Acted as project lead and ensured my team worked hard to implement nearly all client feedback

Event Tracker, Base Camp Coding Academy **(Jan-Feb 2019)**

**GitHub link:** <https://github.com/laharrell20XX/ruby-event-tracker>

**Goal:** Users can trigger event(s) on the page and see statistics for that event update live on the page; events are tracked between sessions

- Highlighted how I can independently work on an unfamiliar technology (Ruby on Rails)
- Practiced database design for a write heavy web application
- Emphasized the importance of caching and implementing efficient Active Record querying

Web Rental Store, Base Camp Coding Academy **(Oct 2018)**

**GitHub link:** <https://github.com/laharrell20XX/logan-harrell-web-rental-agency>

**Goal:** Allow users to rent and return item(s) from a webstore

- Showcased comprehension of front-end languages learned (HTML, Javascript, CSS)
- Recognized for github usage and detailed commit messages while working on the project
- Minimized custom CSS usage and content addition through using the Bootstrap 4 framework and Handlebars

## Additional Experience:

Shadowing Week at CSpire **(Mar 2019)**

- Involved myself with the Jirrah ticketing process by helping to complete a ticket with an on-call employee
- Familiarized myself with the Developer Cycle, looking at builds, tests, and sprints

Marine Corps Junior Reserve Officer Training Corps (MCJROTC) **(May 2018)**

- Held a position as squad leader for my class and was responsible for keeping my squad on task and prepared for weekly events.
